 12+: Appropriate for students in high school

Learn on the Go: Anywhere, Anytime!

APP / MAKER	AGES	DESCRIPTION	<i>*All apps are free of cost unless otherwise noted.</i>
<u>Let's Play</u> Zero to Three	0-3	<i>Let's Play</i> is a parenting app for on-the-go families. From the daily commute to bed and bath time, this app proposes learning opportunities for children ages zero to three to engage in while families move through their daily routine.	
<u>Ready Rosie</u> ReadyRosie	4 ⁺	<i>Ready Rosie</i> is a parent engagement app that helps children prepare to enter preschool or kindergarten. The app features videos of children performing various daily activities that parents are then prompted to help their children mimic so that they can learn important skills and tasks they will use in school. (Free 5-day trial; subscription required to continue use)	
<u>Ansel & Clair: Little Green Island</u> Cognitive Kids, Inc.	4 ⁺	<i>Ansel & Clair: Little Green Island</i> is a game in which children explore the impacts of pollution and find ways to prevent or mitigate its effects. (\$1.99)	
<u>Duolingo</u> Duolingo	4 ⁺	<i>Duolingo</i> helps young children learn Spanish, French, German, Portuguese, Italian, and English through a series of fun quizzes and games.	
<u>Alien Assignment</u> Fred Rogers Center at St. Vincent College	9 ⁺	<i>Alien Assignment</i> is an interactive game that encourages problem solving and discovery. Children embark on a scavenger hunt around their home to take pictures of various household items that will help a stranded alien family fix their spaceship.	
<u>State Bingo & Road Trip USA</u> Niyaa LLC	9 ⁺	<i>State Bingo & Road Trip USA</i> allows children to learn about the different states in the country through playing bingo, solving state riddles, and putting their map reading skills to the test.	
<u>PBS Parent</u> PBS Kids	Parents	<i>PBS Parent</i> is a collection of interactive games for parents to play with their young children based on specific locations, such as the store or the zoo. This app brings learning and fun to even the most mundane tasks.	

Make School Curriculum Feel Like Play!

APP / MAKER	AGES	DESCRIPTION	<i>*All apps are free of cost unless otherwise noted.</i>
<u>Montessori Numbers</u> L'Escapadou	0-3	<i>Montessori Numbers</i> provides numerous activities to expose young children to math concepts such as decimals and counting to 999. (\$2.99)	
<u>Khan Academy</u> Khan Academy	4 ⁺	The <i>Khan Academy</i> app provides educators and students with access to extensive curriculum in the sciences, math, humanities, finance, and more! Features include videos, research articles, and tools to track users' learning progress. Curriculum spans grades K-12.	
<u>WordGirl Superhero Training</u> PBS Kids	4 ⁺	<i>WordGirl Superhero Training</i> is a collection of 4 mini games, each with 30 levels, and each designed to help children practice and improve their vocabulary skills. Based on the PBS KIDS series, "WordGirl."(\$1.99)	
<u>Sid's Science Fair</u> PBS Kids	4 ⁺	<i>Sid's Science Fair</i> allows students to explore many science and math concepts in engaging ways. Children learn to identify patterns and understand how growth and change happen over time. (\$2.99)	
<u>Molecules</u> Sunset Lake Software	12 ⁺	The <i>Molecules</i> app allows users to view and manipulate various 3-D molecular structures. Molecules for the app are downloaded from the RCSB Protein Data Bank.	

Explore and Contribute to the World of Art

APP / MAKER	AGES	DESCRIPTION <i>*All apps are free of cost unless otherwise noted.</i>
Art Lab MoMA, The Museum of Modern Art	4+	<i>Art Lab</i> users learn to create their own sound compositions, poems, group drawings, and paintings. Children can save their works of art to share with friends and family.
